Administrative reforms for India Feb 01 2021 Administrative reforms are long overdue in India as the present administrative system is obsolete and continuing as a legacy from British Raj. It is not coping with the ever-changing needs and aspirations of the ever-growing population of the country. Administrative set-up should be redesigned to work more efficiently and to bring transparency, accountability, efficacy and high-speed response into governance to meet the aspirations of the people before their anger turns into revolt against the elected governments. Zero corruption government should be the bedrock of an advanced democracy. We need to restructure and reboot the present administrative format into a more responsive entity to give quality services and equal opportunities to all citizens, instantly on demand at a single platform. These administrative reforms are aimed at removing corruption, arrogance and lethargy at all levels and in all forms

Revision Questions for Paediatrics Jan 12 2022 This revision tool helps readers strengthen their existing knowledge of childhood disorders through Extended Matching Questions (EMQs) on topics frequently asked in Paediatrics examinations, ranging from neonatology to emergency medicine and public health. Detailed answers in each section build comprehension and knowledge. Many medical schools now examine undergraduates using EMQs, but they also feature highly in postgraduate examinations. This revision aid will therefore also be useful to those preparing for postgraduate examinations such as the Diploma of Child Health (DCH) and Membership of the Royal College of Paediatrics and Child Health (MRCPC), as well as foundation doctors on their first paediatric rotations and all those wishing to consolidate their knowledge and understanding of Paediatrics.

320 Single Best Answer Questions for Final Year Medical Students Aug 07 2021 This book will appeal to candidates appearing for Final MB examinations in the UK and international students preparing for finals; but also has utility for allied healthcare professionals who will be examined in general internal medicine. It contains 320 questions, which have been divided into 11 commonly tested areas of medicine, surgery and sub-specialties, thus allowing for practice by specialty or by random selection. The answers give a detailed explanation of the single best answer, and as well as directly answering the question, there is information about other aspects of each possible answer to allow the reader to broaden their exam preparation.
