Wise Craft is a guide to the homemade life, turning old things into special new objects that enhance the home. Based on the popular blog of the same name, this guide focuses on creating a homemade atmosphere that reflects your family, without spending a fortune. Instead of throwing away old shirts and boring dishes, or passing up thrift store finds that aren't quite right, author Blair Stocker teaches how to remake, adding special touches to make them work for her home -- and yours . The book is divided into four seasonal chapters, with designs that reflect different holidays and the changing seasons, allowing you to update your home according to the weather outside. Many projects are portable or perfect to do during a family movie night, making the Wise Craft lifestyle an easy one to attain. Sixty projects include May Day cones and recycled floral mirror frames -- perfect for a teenager's room -- plus throw pillow updates, a picnic blanket made from a pile of men's shirts, spooky Halloween dishes, advent calendars, and recycled gift jars. Beautiful photography and illustrations make each project a snap, no matter your crafting background. • Chapter-wise and Topic-wise presentation • Latest JEE (Main) Two Question Paper 2022- Fully solved • Chapter-wise & Topic-wise Previous Questions to enable quick revision • Previous Years' (2019-2022) Exam Questions to facilitate focused study • Mind Map: A single page snapshot of the entire chapter for longer retention • Mnemonics to boost memory and confidence • Oswaal QR Codes: Easy to scan QR codes for online concept based content • Two SQPs based on the latest pattern • Tips to crack JEE (Main) • Trend Analysis: Chapter-wise
